Living in Melbourne is absolutely fascinating. Melbourne is a cosmopolitan city more relaxing and enjoyable than my city in Korea. During my course I had the opportunity to visit parks, museums and festivals.

My friends recommended me to study at AMES, when I arrived here I realized my friends were correct. AMES has nice teachers and very nice facilities.

I'm taking IELTS class which is really practical to prepare for the IELTS test and very useful to improve my English skills. The teachers are very organized and enthusiastic. They all have a good sense of humour that allows me to study while having a great fun.

I enjoyed my study time here at AMES because I had the opportunity to meet students from every country and AMES is really concern about the student's opinion.

Melbourne is a very interesting city, different from any other places I have been so far. In terms of quality of life, Melbourne is one of the best places I have lived in.

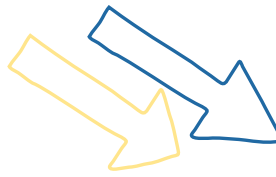

I learnt about AMES on the internet and I had a very good impression because they answered my email questions clearly. When I visited AMES I was positively impressed by the friendly way the staff welcomed me as well as its facilities. AMES was the school where I found best value for money.

I like the structure of the courses and I think the numbers of students per class is fair. The teachers were highly qualified and extremely well prepared for each class.

Surely, AMES has been helpful in my settlement here in Australia.

Destination Melbourne

Melbourne is the events capital of Australia and has a unique combination of first-class facilities and a warm, cosmopolitan community. Melbourne is a place of delicious food, endless shopping choices, arts and culture, live music and friendly people. It is also one of the safest and most livable cities in the world.

'...a place of delicious food, endless shopping, arts, culture and friendly people.'

Melbourne enjoys a mild climate with warm to hot summers, a mild spring and autumn and cool winters. Although Melbourne weather can be a little unpredictable, it is a comfortable environment to live in whatever the season. It is a great place to watch the seasons change, with autumn and spring colours exploding in the many parks and gardens of the city.

In Australia you will enjoy one of the highest standards of living in the world with more affordable living costs than the United Kingdom or United States. On average, an international student in Australia can expect to pay about AU\$300 a week for living expenses including: accommodation, food, clothing, entertainment, transport, domestic travel, telephone and incidental costs. You can spend more or less depending on your lifestyle.

AMES is located in the heart of Melbourne and is walking distance to public transport, shopping precincts, cafes, restaurants, museums and galleries. We are very close to the Queen Victoria Market, making it easy to eat healthy food at cheap prices.

AMES is a government-funded specialist provider of English language education. Since our doors opened in 1951, we have helped over half a million people develop English communication skills, pathways to further study and successful careers, and settle effectively within the broader Australian community.

The emphasis is on basic language structures, a wide range of language situations, study skills and independent learning.

English for Academic Purposes (EAP) is designed for students planning to begin tertiary study. The EAP stream focuses on preparing students on strategies for formal academic reading, research, writing, listening to lectures and tutorial presentations. All EAP classes focus on academic study skills and preparation for the reading, writing, speaking and listening, note-taking and research that students will be undertaking at university.

Complaints/Appeals Process (Grievance Procedure)

A grievance is a complaint about unfair treatment. If you have been treated unfairly:

Step 1: Talk to your teacher or make an appointment with the student advisor about the complaint. Your teacher may be able to help you solve the problem immediately.

Step 2: If you are not satisfied, you can appeal in writing to the Director of Studies, AMES.

Step 3: The Director of Studies and relevant staff must meet within 10 working days after the formal lodgement of the complaint. The student who has complained will be invited to present their case to the group. The student may be accompanied and assisted by a support person at any relevant meetings.

Step 4: If unresolved, a meeting will be held which may be attended by a management representative, Director of Studies, relevant staff, and student or student-chosen nominee. These procedures do not remove the right to seek dispute resolution services or seek legal remedies provided by external organisations such as:
