WHAT MAKES BILLY BLUE SO SPECIAL ?

Student list

- Our students usually study with 5 – 6 different nationalities in a class... at least !
- Our English students mix and mingle with the students from the other 3 colleges on campus, of which at least 50% are Australian.

Experienced teachers

- The majority of our teachers have a postgraduate qualification in Linguistics; and at least 30% of them also are IELTS examiners.
- Our teachers are also highly experienced and most of them have been at Billy Blue for years – they don't want to go anywhere else!

Pre-testing IELTS Centre

- Billy Blue is one of the very few pre-testing IELTS Centres in the world. This means

IELTS send us their test to test before it is publicly used in official IELTS exam.

- We offer free pre-testing IELTS to our students 4 times a year. Students can test their IELTS score before they take the real test.

Courses & Pathways

- We offer direct entry to a number of universities and colleges such as Le Cordon Bleu, TAFE NSW, UNSW Foundation Studies, Curtin University, SIBT and many more.
- We offer courses from beginner to advanced level. We also offer special bridging programs of Design and Hospitality Management and more...

Campus & Facilities

- Modern and well equipped campus including a large Resource Centre and Library with lots of computers, free Internet, wireless access throughout, and a food court downstairs in the building...

Social

- We include different types of cultural events and fun activities as part of our English courses.
- We also help students to plan their weekend excursions to explore in and around beautiful Sydney.
- Students can participate in various student activities organised by Think: Students Representative Council and mix with students from 7 different Think Colleges.

Work & Career

- Our Job Workshop provides our Working Holiday and Student Visa students with assistance and advice on obtaining casual or part-time employment during their studies. We can help students with resumé writing skills, interview techniques and how best to search for jobs.

Quality

- We care about our students' progress. Our teachers meet with our student in one-to-one session to discuss their progress every 4 weeks. Our teachers help students to set up their study plan to achieve their goals in the shortest possible time.
- Our courses include 21 hours of class time, and 4 hours of self access. The extra 4 hours of guided individual learning help students to achieve their goal much faster.
- We keep class sizes small so we can give every student a lot of personal attention.

Classes for Billy Blue College of English General Intensive English and English for Academic Purposes commence every Monday.

Please feel free to contact me if you require any more information. We look forward to welcoming your students here at Billy Blue College of English.
